Note:

Muslim festivals are timed according to local sightings of various phases of the moon and the dates given above are approximations. During the lunar month of Ramadan that precedes Aid El Segheir, Muslims fast during the day and feast at night, and normal business patterns may be interrupted. Many restaurants are closed during the day and there may be restrictions on smoking and drinking. Some disruption may continue into Aid El Segheir itself. Aid El Segheir and Aid El Kébir may last anything from two to 10 days, depending on the region.
